SWISS DESIGN

Feel the speed

The need for speed

Revolutionise your sewing experience with the bernette 08! This Straight Stitch sewing machine features an impressive speed of 1,600 stitches per minute, making chain piecing and quilt creation a breeze. Make the best of your sewing time with the productivity of the b08!

- 1,600 stitches per minute will bring you to wherever you want to go, fast
- Easily control your sewing speed by using the speed control slider for demanding projects
- The extra large Foot Control allows sensitive low-speed sewing stitch by stitch

Unleash your power

Always in control

The powerful motor of the b08 Straight Stitch sewing machine makes it easy for you to work with delicate materials or heavy-duty projects. Enjoy full thread and stitch control on a variety of fabrics like leather or denim.

- Separate threading path for thicker threads ensures reliable thread tension
- Sewing multiple thick layers is effortless thanks to the DC motor
- The sturdy metal body ensures stability and eliminates vibrations for flawless sewing

SWISS DESIGN

EXTRA LARGE
BOBBIN

40%
more capacity

Keep on sewing

May your bobbin always be fuller!

The b08 Extra Large Bobbin offers up to 40% more thread capacity compared to regular drop-in bobbins. This allows you to sew longer on your project without rewinding the bobbin. For re-threading, there is no need to remove the sewing project thanks to the side-loading access to the bobbin. Enjoy accurate and dependable stitching with the all-metal bobbin case and rotary hook for flawless results.

Bobbin winding while sewing

Thanks to the independent bobbin winding motor, there is no need to stop your sewing. Set up your bobbin, push the Bobbin Winding button and keep sewing while the machine simultaneously winds your bobbin. Big win – no re-threading of the machine needed!

Accessories

Sew big with the b08 and the extension table

Dive into your quilts and big projects with total ease – the included super spacious extension table (23.6" x 15.7", 60 x 40 cm) gives you all the room you need to spread out and get creative!

Well thought out – the comfortable Automatic Thread Cutter

Finish your projects seamlessly with the automatic thread cutter, easily accessible via the big button right on the front of the machine. Alternatively, keep your hands on your project and cut the thread with the Automatic Thread Cutter Foot Control (optional accessory). Get ready to elevate your sewing experience to the next level of convenience.
